Profile

- Graphic and Production Designer with experience in packaging, print, branding, environmental graphics, and hospitality design.
- Experienced in developing creative concepts and translating them into accurate, production-ready artwork for professional printing and fabrication. Strong knowledge of packaging dielines, prepress, CMYK and Pantone colour setup, typography, signage, menus, labels, bags, cups, boxes, and environmental graphics.
- Comfortable working directly with printers, manufacturers, fabricators, and suppliers from initial design through final production.

Experience

GRAPHIC & PRODUCTION DESIGNER — **2023 - current**
Small Project Studio / Toronto, ON

- Design packaging, signage, menus, print materials, and environmental graphics for hospitality and retail clients.
- Prepare production-ready artwork, dielines, colour specifications, and technical files for printing and fabrication.
- Coordinate with printers, manufacturers, fabricators, and suppliers across Canada, the U.S., and overseas.
- Review proofs, samples, materials, and production specifications.
- Support ongoing design and production work for Terroni and related hospitality brands.

FREELANCE GRAPHIC DESIGNER — **2017 - current**
Toronto / International

- Create branding, packaging, print, and digital design for clients in Canada, Vietnam, and Japan.
- Develop packaging concepts and production-ready artwork for print applications.
- Design visual identities, marketing materials, websites, and branded collateral for independent clients and small businesses.
- Work directly with clients from concept development through revisions and final delivery.

SELECTED CLIENT EXPERIENCE — **2023 - current**
Terroni Hospitality Group

- Design and production work across Terroni, Sud Forno, Spaccio, Forno Terroni, and related hospitality brands in Canada and the United States.
-
- Projects include packaging, coffee bags, labels, cups, menus, gift cards, signage, window graphics, awnings, display systems, apparel, and environmental graphics.
-
- Work directly with printers, packaging manufacturers, fabricators, and installers to ensure designs are accurately translated into physical production.
